

CROWN FOUNTAIN

General Dynamics - owned by the Crown family - provides the IOF (Israeli Occupation Force) with billions of dollars in reactive armor systems and firepower which are used against Palestinian civilians.

JOIN US

This event was organized in a coalition between Students for Justice in Palestine (SJP) Chapters from UIC, Loyola, and UChicago as well as the Independent Non-Profit Jisoor.

Ask our organizers about joining your school's SJP chapter or volunteering with Jisoor!

RESISTANCE THROUGH UNITY FOR PALESTINE

WHAT IS THE

APARTHEID WALL?

The Israeli Apartheid wall segregates Indigenous Palestinian families from their land - prioritizing Israeli settlements.

Checkpoints throughout the west bank require Palestinians to carry ID cards and are a point of constant harassment, search and seizure.

The wall not only serves as a physical barrier between Palestinians homes, work, school and families but as an ideological and psychological barrier as well.

ART AS RESISTANCE

Palestinians back home graffitied the wall with messages of resistance and liberation.

Here in the US Student Chapters of SJP make Apartheid walls to demonstrate the injustice of the Israeli state to people on their campus and to show solidarity with those living under the Apartheid state in Palestine.

REPORTING ON THE WALL

Human Rights Watch and Amnesty International have released report designating the wall in Palestine as an Apartheid wall and Israel as an Apartheid state in 2021.
